Experience

Accenture Technologies Ltd, Chennai

Agile Coach / Scrum Master Specialist **09/2021 – Present**

- Coached 3+ cross-functional teams across value streams and mentored Scrum Masters, enhancing Agile maturity and delivery predictability in distributed FinTech programs.
- Led and supported Scaled Agile (SAFe) adoption, enabling PI Planning, ART coordination, and cross-team dependency management across programs.
- Enabled Lean-Agile transformation by promoting Agile mindset, servant leadership, and continuous improvement practices across teams and stakeholders.
- Partnered with senior stakeholders, Product Owners, and business leaders to drive Agile mindset adoption and enable data-driven, value-driven delivery models.
- Designed and facilitated Agile workshops, backlog refinement sessions, and coaching interventions to strengthen Agile adoption and delivery effectiveness.
- Identified systemic impediments and partnered with leadership to remove blockers while promoting flow-based delivery and value stream thinking to improve cycle time and reduce bottlenecks.
- Improved sprint velocity by 10% and reduced reporting effort by 30% through Jira automation dashboards.
- Coached junior Scrum Masters on scaled delivery in digital payment gateway rollouts, enhancing onboarding speed and process maturity.
- Supported portfolio-level visibility through Agile metrics and reporting dashboards aligned with business objectives.

HCL Technologies Ltd, Chennai

Scrum Master – Insurance & Healthcare Platform Modernization ***06/2018 – 09/2021***

- Established SAFe practices for healthcare policy management platforms, reducing project delays by 20%.
- Developed Agile playbooks and standardized ways of working, improving team predictability and velocity.
- Streamlined Kanban processes to manage production issues, leading to a 10% reduction in response time.

HCL Technologies Ltd, Chennai

Business Data Analyst – Financial Products ***06/2014 – 05/2018***

- Collaborated with finance, compliance, and operations teams to streamline digital onboarding journeys across banking and insurance platforms, accelerating customer acquisition timelines by 18%.
- Developed real-time resource and billing analytics dashboards tailored to RFP and Time & Material models, minimizing financial discrepancies and improving budget forecasting accuracy.
- Delivered actionable insights on financial forecasting, cost optimization, and revenue trends using SQL and Tableau, enhancing executive reporting and regulatory alignment for BFSI stakeholders.
